FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Assumptions applied to amendment:

- It is assumed that any local government currently levying this privilege tax is only collecting 50 percent of the \$25 authorized; as a result, local governments are assumed to levy a \$12.50 (\$25 x 50%) fee for the purpose of this proposed legislation.
- The total cost for local law enforcement to collect, receive, and maintain electronic records for sheriff offices, jails, and municipal or metropolitan police departments is unknown.
- The average cost for a county to update technology is estimated to be at least \$50,000.
- The total permissive increase in local expenditures for completing the project is estimated to exceed \$4,750,000 (\$50,000 x 95 counties).
- The Administrative Office of the Courts (AOC) was unable to provide the exact number of annual civil and criminal cases heard within the state.
- Each legislative body will choose to adopt and impose this tax.
- There are 31 judicial districts within Tennessee.
- There are at least four judges per judicial district.

- The total number of judges in Tennessee is estimated to be 124 (31 x 4).
- The average number of new cases assigned to each judge is estimated to be five per day.
- Given 249 workdays per year, the total number of civil and criminal cases heard each year is estimated to be 154,380 (124 x 5 x 249). The average privilege tax assessed is estimated to be \$12.50.
- The permissive increase in local revenue for FY12-13 is estimated to be \$1,929,750 (\$12.50 x 154,380); the permissive increase for FY13-14 is estimated to be \$1,929,750 (\$12.50 x 154,380); and the permissive increase for FY14-15 is estimated to exceed \$890,500 (\$4,750,000 \$1,929,750 \$1,929,750).
